SITE PLAN CONDITIONS

S.U.P. 08-214 CC

CMCS CELL TOWER AT 7040 HIGHWAY 70

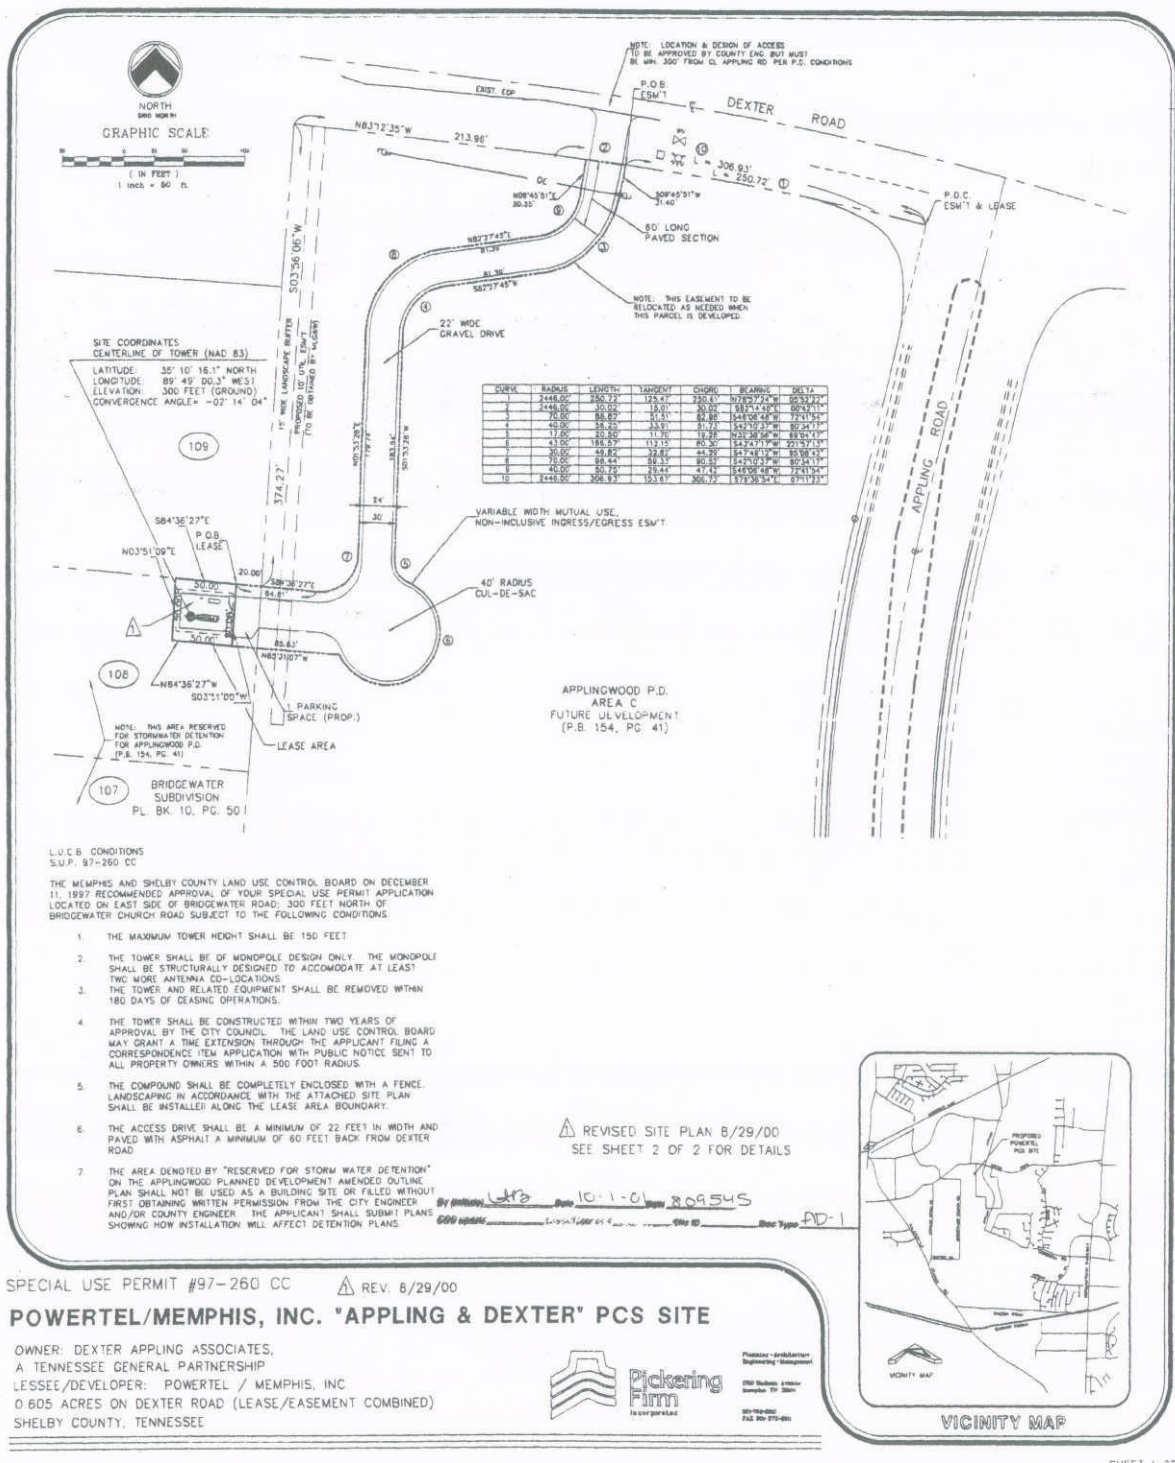

As Recommended by the Land Use Control Board

May 8, 2008

A Special Use Permit is hereby granted to the applicant **Crown Castle, Inc.** to permit extension of the structure of a Commercial Mobile Communications Service (CMCS) Tower and install addition ancillary facilities at a 6,400 square foot site on the 0.29-acre Dancy Investments, Inc tract (recorded as Instruments # JV1642 & KZ1379 at the Shelby County Register's Office), in accordance with a site plan approved by the Office of Planning and Development and with the following supplemental conditions.

1. The maximum tower height shall be one-hundred sixty-five feet (165'), subject to Items 2 & 3 below, *and the tower will incorporate the "slick stick" design with flush-mounted antennae**.
2. The tower shall be free of all lighting, including aircraft hazard lighting, and shall be designed so as to avoid the necessity of such lighting under currently federal regulations.
3. Antenna elements and other related equipment shall not exceed the tower by more than five feet (5')
4. The tower and related equipment shall be removed within one-hundred eighty (180) days of ceasing operations.
5. The tower improvements shall be constructed within two (2) years of approval by the Shelby County Board of Commissioners. The Land Use Control Board may grant a time extension through the applicant filing a correspondence item application with public notice sent to all property owners within five-hundred (500') feet of the property.
6. The tower shall be structurally designed to accommodate at least five (5) additional sectorized antenna arrays.
7. A security fence, six feet (6') or more in height, shall be constructed around the tower and associated equipment. Said fence shall be made sight-proof.
8. The tower operator shall install and maintain perimeter screening as follows: The site perimeter shall be landscaped with at least one row of deciduous trees, not less than two inches in diameter, measured three feet above the grade, spaced not more than 20 feet apart within 25 feet of the site boundary, as well as at least one row of evergreen trees and shrubs, at least five feet high when planted and spaced not more than five feet apart to form a solid shrub screen and within 40 feet of the site boundary. An equivalent alternative may be substituted with the approval of the Office of Planning and Development.
9. The access drive shall have an all-weather surface with asphalt pavement for the first 50 feet from Dexter Road; and said pavement shall be restored when it is broken or worn through.
10. The location and design of the driveway access to Dexter Road shall be subject to the review and approval of the County Engineer including the construction of any culverts that made be needed.

* Note: This phrase needs attention. It it inconsistent with the submitted plan drawings.
